

# Tallahassee Watercolor Society Newsletter

**SEPTEMBER 2014**

Welcome to our first member news of this fall

I hope that you all had the opportunity to paint and enter those spring and summer juried water media exhibitions ... and that your paintings were accepted.

Our board and committee members are getting geared up for this coming season of TaWS business. We will kick it off with our Annual Brush Strokes Exhibition to be held at City Hall here in Tallahassee. The opening and reception will be held on Friday, September 5 from 6 to 7:30 p.m. Our Brush Strokes committee is, as always, doing a wonderful job.

Our Workshop Committee has arranged for a wonderful fall workshop with Lynn Ferris, AWS, NWS, FWS. She will conduct a two day intensive watercolor workshop November 13 and 14 at the Council on Culture and Arts Building here in Tallahassee. Please check out the announcement on our website.

There are many other things for our board to consider and discuss and we feel that much will be accomplished by this wonderful core group and with your support. So we're off and running ...
