Workshop: "Watercolor Secrets Revealed"

Tom's workshops are very organized classes that include lesson exercises and plenty of individual attention. He demonstrates, works with each student, and critiques daily. Each day builds upon the previous day's lessons in a positive, fun filled atmosphere. He will teach new techniques and show how to think like an artist and plan for success. He will cover composition and design preliminaries plus special effects, capturing mood, and painting sunlight and shadow. You will learn how to put drama, emotion, conviction and the "WOW" factor into your art.

Tom is one of the nation's premier watercolorists. He has written 8 books and hosted several award winning PBS TV Art Series. He was recently listed as one of the nation's top 20 teachers by a leading Art magazine. He is represented by some of the nation's leading museums and art galleries. With his uniquely styled landscape paintings, he strives for a level of excitement, movement and resonance that pushes somewhere beyond what the environment naturally provides. When considering subjects he searches for something striking; like the color of the sky, the direction of natural light, the pattern of shadows, or the glint of sunlight on water. He then embellishes those striking features.
